

2nd edition
European Conference on
DIGITAL PSYCHOLOGY

Psychology and AI: New Horizons

March 21st and 22nd, 2024
Virtual Forum

How can AI be related to Psychology?

Psychology and AI: New Horizons is the second edition of the European Conference on Digital Psychology, that will explore **the interaction** between **AI and psychology**, in light of the recent research with an eye to the future.

The conference will focus on how mental health and clinical psychology can be supported by **apps and other digital tools**, considering also the associated **ethical** and **deontological implications**.

Keynote Speaker:

David D. Luxton, Ph.D. - Affiliate Professor,
Department of Psychiatry and Behavioral Sciences,
University of Washington School of Medicine,
Seattle.
